Achieve**

Our Vision: **Rangebank - Teach, Learn  
and Lead**

## Principal's Page

### Maths learning at Home

At Rangebank, we use the '*Essential Assessment*' online program for maths assessment. As part of this program there are two components that can be done by students at home.

1. '*My Numeracy*' – activities targeted specifically at your child's next steps in maths learning.
2. '*Sunset Maths*' – quick mental maths activities to boost mental recall.

Your child has their own log on details to access these activities.

Log on at; <https://www.essentialassessment.com.au/student/>

When you click on the website, type Rangebank and click on RangebankPS2019. Then put in the username and password. Your child should know their username and password. If they don't please ask the classroom teacher.

When you log on you will see some tabs and a sunset maths icon. You can choose sunset maths icon for some mental maths activities.

Alternatively you can choose one of the other tabs (Number & Algebra, Measurement and Geometry or Statistics and Probability) which will allow you to access the '*my numeracy*'. **Please do not do the pre/mid/post assessments.**

Just like reading each night, by using these activities at home you will be consolidating your child's understanding with these important skills.

### Attendance

Once again, we had improvement in attendance from last week, although we still had 306 days absent in the last week. This included 24 children who missed 3 days or more. 8 children did not attend school at all in the last week.

We need to make sure we work hard to come to school every day. I am pleased to announce that both FA and FC achieved the best attendance in the last week narrowly beating 4B who have continued to have excellent attendance.

Ben Vevers

Assistant principal
